

“Blank Slides” Feedback Break Resource

This is a generic tool that can be quickly inserted into any presentation. Recommended for middle school through college.

Just add blank slides

source: <https://pxhere.com/en/photo/1428127>

- take the slides you usually use for a topic/lesson
- insert blank slides between key slides or sections
- send the slides as is to students (via Google classroom, etc.)
- tell the students to use the blank slides as a chance to reflect on what they learned/
remember based on the previous slides
