Measurement Science in AI-Integrated Assessment and Pedagogy

The Artificial Intelligence in Measurement and Education Conference (AIME-Con) is a gathering designed to bring together an interdisciplinary community of experts working at the intersection of artificial intelligence (AI), educational measurement, assessment, natural language processing, learning analytics, and technological development.

Sponsors will enjoy a greater visibility at AIME-Con and engage a community of experts and interdisciplinary professionals while gaining insights into AI application:

- Item Generation
- Automated Scoring
- Validity, Transparency, and Bias
- AI in the Classroom
- Formative Systems
- AI and Assessment Design
- Implementation and Policy Implications
